We Athenians, in our own persons, take our decisions on policy or submit them to proper discussions: for we do not think that there is an incompatibility between words and deeds; the worst thing is to rush into action before the consequences have been properly debated.

The collected essays in this volume are contributions of the Research Fellows and Associates of the Athenian Policy Forum. Most of the contributions were originally presented at an international conference held in Toronto, Canada, in May 1998, organized by York University and the Athens University of Economics and Business, under the auspices of the Athenian Policy Forum. We would like to thank the two organizing universities, the Athenian Policy Forum, and all the participants for their contribution to its success. York University, as host, should in particular be cited for outstanding organization and publicity. This fourth biennial conference was dedicated to the celebration of the 35th anniversary of Atkinson College, York University, as an expression of appreciation for its support throughout the years. Special thanks go to Livy Visano, Dean, Atkinson College, for serving as a conference co-chair and for providing generous support and encouragement.

In addition, we wish to thank and acknowledge the special help from the following individuals: Claudia Bloch, Agnes Fraser, and Jana Klauz for organizational arrangements and publicity; Louise Jacobs, Hazel O'Loughlin, Elsie Ramkhelawan, and Bora Barlas for special assistance in other ways; Vassilios Bardis, Keith Bodie, Haroula Foundos, Fotini Grivas, Eric Kam, Teresa Longobardi, and Stratos Tselepis for volunteering; and Yannis Stamatakos for fundraising and other activities for the Athenian Policy Forum.

We appreciate the support (financial or otherwise) provided within York University by:

Faculty of Atkinson College (Office of the Dean, Department of Economics); Faculty of Arts (Office of the Dean); Canadian Center for German and European Studies; Atkinson College Student Association (ACSA); Office of the Master (Atkinson); and Economics Area (Schulich School of Business), and from non-academic sponsors : Ellas Restaurant and Banquet Halls and the National Bank of Greece SA.

As Editors of this volume we would like to thank Wallace Northover, and John Smithin (members of the editorial board) for their help in reviewing and approving the manuscripts accepted for publication. Special thanks go to [TO BE ADDED] for the Foreword and [TO BE ADDED] for his eponymous review of this book. Excerpts from both appear on the back cover page of this volume. In addition, thanks are due to the anonymous reader (referee) at the APF Press for comments and suggestions which have improved the contributions.

Finally thanks are due to Stathis Stathopoulos and Rohinie Bisesar for the Camera-Ready Preparation and Bob Hanna of the Brown Book Company for his expert assistance at the printing stage of this volume.
